Deadline to Apply: Open year round

SUMMARY

The Dominguez Rancho Adobe Museum seeks a responsible and dependable student or recent graduate seeking a career development opportunity. Information Technology Support Interns will gain experience in installation, maintenance, upgrade, and removal and induction of information technology equipment such as personal computers, printers, and related devices. Interns will troubleshoot software, hardware and/or computer networking devices. They are expected to be able to work independently, be self-directed, and capable of being trusted with museum property. Candidates will act as IT support for museum staff, interns and volunteers and should have good written and verbal communication skills. IT interns who demonstrate knowledge in the field may be asked to lead or consult for small projects that improve museum information technology access for staff, volunteers and interns.

About The Dominguez Rancho Adobe Museum

The mission of the friends of Rancho San Pedro is to preserve and increase community awareness of the Dominguez family, Homestead adobe, and the Rancho San Pedro, the first Spanish land grant in California. This is accomplished through educational programs and the operation of the Dominguez Rancho Adobe Museum.

By the culmination of their term, interns will have gained experience with Information Technology and working in a small institution. We pride ourselves in providing interns with opportunities that are engaging and stimulating towards their career goal.

REPRESENTATIVE DUTIES

- Troubleshoot software, hardware and/or computer networking devices
- Installation, maintenance, upgrade, removal and induction of information technology equipment
- Demonstrate knowledge of the Dominguez Rancho Adobe Museum mission
